

Industrial & Commercial Transportation Solutions for Adjacent Applications

EMEA MARKET

Robots / Warehouse Automation

Applications:

- Electrical brakes
- Batteries
- Drive trains
- Battery Management System (BMS)
- Lidar and Radar Sensors
- Automated Guided Transport Vehicles

Products:

- DEUTSCH [DT](#) and [DTP](#)
- [Heavy Duty Sealed Connector Series](#)
- [HIVONEX E-mobility Solutions](#)
- [High Speed Data Connectivity](#)
- [SUPERSEAL PRO](#)
- [AMPSEAL](#)
- [SUPERSEAL](#)
- [LEAVYSEAL](#)
- [NTSEAL](#)
- [Emergency Stop Switches \(KISSLING\)](#)
- [Charging inlets](#)

Self-driving

Applications:

- Automated Farming Equipment
- Automated Construction Machines
- Automated Drilling Rigs and Pumps

Products:

- [Heavy Duty Sealed Connector Series](#)
- [AMPSEAL](#)
- [SUPERSEAL PRO](#)
- [SUPERSEAL](#)
- [Emergency Stop Switches \(KISSLING\)](#)
- [High Speed Data Connectivity](#)

Solar & Energy Wind

Applications:

- High Voltage (HV) Home Energy Storage
- Solar power plants (built on parking lots and agriculture plains with sand/dust/water ingress)

Products:

- [HIVONEX E-mobility Solutions](#)
- [High Speed Data Connectivity](#)
- [Contactors \(KISSLING\)](#)
- [Power Disconnects](#)
- [Emergency Stop Switches \(KISSLING\)](#)
- [SUPERSEAL PRO](#)
- [AMPSEAL](#)
- [SUPERSEAL](#)
- [Heavy Duty Sealed Connector Series](#)
- [LEAVYSEAL](#)
- [Unsealed wire to wire and wire to board](#)

Hybrid / Electric

Applications:

- Battery fitters (generally all applications that used lead-acid batteries before will change to Li-technology)
- Fuel cells

Products:

- DEUTSCH [DT](#) & [DTM](#)
- [Heavy Duty Sealed Connector Series](#)
- [SUPERSEAL](#)
- [AMPSEAL for Low Voltage communication interface](#)
- [HIVONEX E-mobility Solutions](#)
- [Emergency Stop Switches \(KISSLING\)](#)
- [Charging inlets](#)
